

The Comfort of the Curves

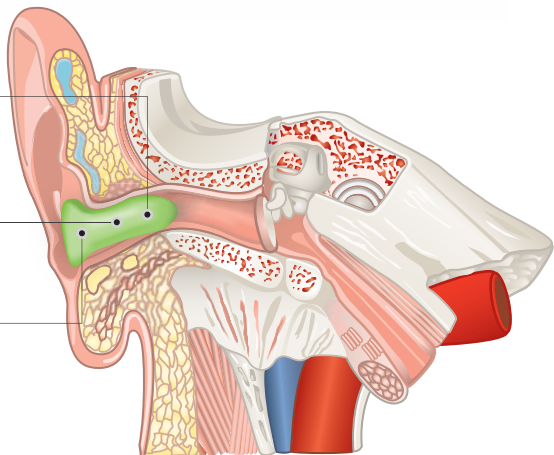

The unique contoured shape of Meteors® follows the curves of the ear canal to create exceptional, long lasting comfort while still providing serious protection. Like all Moldex® products, Meteors are 100% PVC-Free for a Greener Alternative.

Undercut design keeps the earplug secured in the ear canal.

Narrower diameter for the smaller part of the ear canal provides all day comfort.

Large base seals the ear canal for proper fit and maximum NRR 33 or NRR 28 (small) protection.
