

Turn compliance up a notch.

Moldex PlugStations are turning compliance up a notch because you can hang the dispensers anywhere and get your earplugs right where you need them.

The PlugStation® is the leading earplug dispenser because it delivers plugs directly into the palm of your hand with one quick turn, eliminating the mess of individual paper/polybag packaging and lowering usage because workers take just one pair at a time.

Because the PlugStation cannot be opened, plugs are always sealed in a hygienic environment free of dust and contamination. When it's empty, simply recycle the dispenser and hang a new one.

PlugStations are available in a variety of Moldex foam earplugs, including the new head turning, Goin' Green® Earplugs and the extremely popular SparkPlugs®, both officially licensed earplugs of NASCAR®

Do yourself a good turn and notch up your compliance by calling us at 800-421-0668, ext. 512/550 or e-mail us at sales@moldex.com
