One-Stop PlugShop  
Starter Kit

## KEEP AN EARFUL WITHIN EASY REACH

The Moldex® One-Stop PlugShop® helps employers comply with OSHA 1910.95, which requires that employees be given the opportunity to select their hearing protection from a variety of suitable hearing protectors provided by the employer. The high visibility dispensers increase awareness so you won't waste time looking for earplugs.

## HYGIENIC FROM DISPENSER TO YOUR HAND

PlugStations are sealed to ensure that the plugs stay clean and sanitary. With PlugStations, earplugs drop right into the palm of your hand so you don't have to worry about plugs falling on the floor or trays collecting dust and contaminants.

## EASY COMPLIANCE

The One-Stop PlugShop Starter Kit (#0604) contains everything you need to get started in one easy package: three PlugStations, brackets, poster, hardware, and hanging template.

## INDEPENDENTLY TESTED PROTECTION

All Moldex earplugs have been independently tested in accordance with ANSI S3.19-1974 by Michael & Assoc., Inc., State College, PA. Moldex NRR 33 earplugs are the highest independently rated earplugs.

## WARNING TO USER

1. Use this laboratory-derived attenuation data for comparison purposes only. The amount of protection afforded in field use often is significantly lower depending on how the protectors are fitted and worn.
2. Failure to follow all instructions could result in hearing loss or injury.
3. Failure to obtain a proper fit will reduce effectiveness of hearing protectors and could result in hearing loss or injury.
4. Over protection can be dangerous. The wearer must be able to hear warning signals.
5. Wearers with hearing loss should exercise extreme caution.
6. It is the employer's responsibility to ensure that the type of hearing protector and its rating is appropriate for the user in their particular workplace.
7. Use caution when working around machinery or any other equipment to ensure neck cord does not become caught or entangled.
8. Failure to follow these warnings could result in serious injury or death.
9. Moldex earplugs must only be used as part of a hearing conservation program that complies with applicable local safety and health regulations.

## MOLDEX TECHNICAL ASSISTANCE

Moldex provides all of the technical assistance required to set up a hearing protection program. For more information call +1 (800) 421-0668 or +1 (310) 837-6500 ext. 512/550 or E-mail: tech@moldex.com or visit www.moldex.com.

Keep earplugs away from infants and small children as they may get caught in the windpipe and create a choking hazard.
