N95 PLUS NUISANCE OV/OZONE RELIEF

Added carbon layer helps relieve workers of nuisance levels (Below the OSHA Permissible Exposure Limit) of ozone and organic vapor odors. Suitable for most welding fumes. Fits easily under welding hoods.

HANGABLE AND ADJUSTABLE

SmartStrap® allows the AirWave® to hang from the neck when not in use. So it does not get thrown away and you use fewer masks. Plus its adjustable soft cloth strap feels cool and comfortable. Say goodbye to waste, hello to cost-savings.

SOFT FOAM FULL FLANGE

Easier to wear and more comfortable. Seals without a metal noseband.

DURA-MESH® SHELL LASTS LONGER

The exclusive Dura-Mesh® shell protects the filter media so it stays cleaner looking longer. Plus it resists collapsing, even in heat and humidity so the respirator holds its shape longer. The result is fewer respirators used and lower cost.

APPLICATIONS

FEATURES

• 100% PVC-Free.
• Can be used against most welding fumes.
• Added carbon layer helps filter out nuisance ozone and organic vapors.
• Soft foam full flange for ultimate comfort.
• Adjustable cool cloth SmartStrap® for a custom fit.
• SmartStrap® allows respirator to hang around the neck for convenient storage during breaks.
• Softspun® lining for increased comfort and durability.
• Exclusive Dura-Mesh® shell resists collapsing in heat and humidity.
• Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

ADJUSTABLE & HANGABLE SMARTSTRAP®
USE AGAINST:

1. Mechanically and thermally generated particulates of low toxicity. Including free silica, coal, lead, iron ore, aluminum, manganese, talc, cotton, flour, and others found in mining, agriculture and manufacturing.
2. Mists of materials with low toxicity which do not produce harmful gases or vapors.
3. Metal fumes resulting from welding, cutting, pouring and soldering.
4. Nuisance levels (below the OSHA Permissible Exposure Limit) of Organic Vapor Odors and/or Ozone.

DO NOT USE AGAINST:

1. Concentrations of contaminants which are unknown or are immediately dangerous to life or health.
2. Concentrations of fumes, dusts and mists which exceed the maximum use concentration or 10 times the PEL, whichever is lower.
3. Gases, vapors, paint spray, sandblasting. This respirator is not approved for any vapors or gases, so when used against organic vapor odors and/or ozone do not exceed the Permissible Exposure Limit.

RESTRICIONS

1. This respirator does not supply oxygen and must not be used in atmospheres containing less than 19.5% oxygen.
2. Do not remain in contaminated area if any physical distress occurs, for example breathing difficulty, dizziness or nausea.
3. Leave contaminated area and replace respirator if it is damaged, distorted, a proper fit cannot be obtained, you taste, smell or become irritated by contaminants, or breathing becomes difficult.
4. Do not alter, modify, or abuse this respirator.
5. Store unused respirators in sealed bag in a clean, dry, non-contaminated area.
6. Dispose of respirator according to your employer’s policy and local regulations.
7. Dispose no later than thirty days after first use.
8. Use respirator before the “use by” expiration date printed on box.
9. Oil mists may affect filter efficiency.

TECHNICAL SERVICE HELP LINE

For technical assistance, call Moldex Technical Service Department at +1 (310) 837-6500 ext. 512/550 or +1 (310) 421-0668 ext. 512/550.

PACKAGING

4800 N95 MED/LG

8 Respirators per Box
10 Boxes per Case

LIMITED WARRANTY IMPORTANT NOTICE TO PURCHASER

This limited warranty is made in lieu of the warranties of merchantability, fitness for particular purposes and all other warranties, express or implied. There are no other warranties which extend beyond the description on the face hereof.

The physical standards and specifications of Moldex will be met by Moldex products proved to be defectively manufactured. Except as provided above, Moldex shall not be liable or responsible for any loss, damages, or liability, direct, indirect, incidental, special or consequential, arising out of a sale, use or misuse, or the inability to use products by the user.

1. Protection
- NIOSH Particulate filter (95% filter efficiency) (also effective against particulate aerosols free of oil; time-use restrictions may apply)

2. Cautions and Limitations
- A: Not for use in atmospheres containing less than 19.5% oxygen.
- B: Not for use in atmospheres immediately dangerous to life or health.
- C: Do not exceed maximum use concentrations established by regulatory standards.
- D: Failure to properly use and maintain the product could result in injury or death.
- E: All approved respirators shall be selected, fitted, used, and maintained in accordance with MSHA, OSHA, and other applicable regulations.
- F: Never substitute, modify, add, or omit parts. Use only exact replacement parts in the configurations as specified by the manufacturer.
- G: Refer to user’s instructions, and/or maintenance manuals for information on use and maintenance of these respirators.
- H: NIOSH does not evaluate respirators as surgical masks.

WARNING TO USER

Follow all instructions and warnings on the use of this respirator. Failure to do so will reduce respirator effectiveness, wearer protection, and may result in sickness or death. Wear during all times of exposure.

The user must first be trained by the employer in proper respirator use, in accordance with applicable safety and health standards for the contaminant and exposure level in the assigned work area.

This product has not been sold with warnings or use instructions for personnel involved in healthcare or related situations, where there may be the possibility of contact with disease or biological hazards.
