

P100 FILTERS

For 7000/7800/9000 Series Facepieces

**MORE AIR.
MORE WEAR.**

EXPERIENCE A HIGHER LEVEL OF COMFORT AND COMPLIANCE

Moldex's new P100 filters, with a surface area that's up to 3x larger than other popular filter disks, provides class leading comfort and easier breathing.

- ✓ With enhanced airflow and breathability, Moldex's new P100 filters are a boost in comfort, wear, and compliance.
- ✓ Increased surface area means longer service life and lower cost of ownership.
- ✓ P100 particulate filter is lighter than traditional filter cartridges.
- ✓ Encased in Dura-Mesh® for durability and rough handling.
- ✓ NIOSH approved; Efficiency level of 99.97% or greater against both oil and non-oil based particulate aerosols.
- ✓ Meets heat and flame resistance in accordance with ANSI/ISEA 110-2009 Section 7.11.1.
- ✓ 100% PVC-Free for a greener alternative.

* Always refer to warnings, limitations and restrictions before using Moldex masks in any environment or application.

TRY IT OUT

The Moldex team is standing by, ready to ship P100 samples to qualified users. Visit try.moldex.com/P100 to request your samples and experience advanced breathability for yourself.

MOLDEX

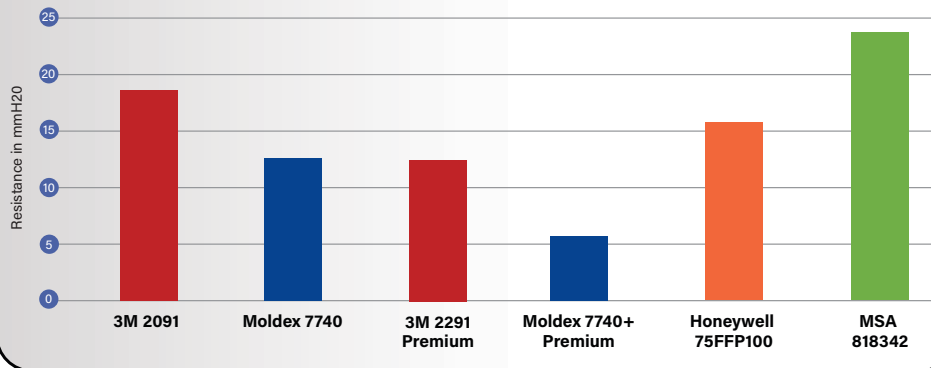

P100 FILTERS

For 7000/7800/9000 Series Facepieces

P100 Filter Average Initial Inhalation Resistance

These results show the average initial inhalation resistance measured in ambient air conditions at 42.5 lpm.

1. Based upon random sample testing performed by a 3rd party lab in February through August of 2024. Data reviewed by an independent statistician for statistical significance.
2. Tests were performed on individual samples without a facepiece.
3. No significant difference in initial inhalation resistance was found between Moldex 7740 and 3M 2291.
4. Actual results may vary depending on respirator wearer, specific facepiece, and other workplace conditions.

7927

Piggyback Adaptor

Combine Moldex P100 filters & P100 filters with IFT™ with 7107, 7207, 7307, 7407, 7507, and 7607 cartridges only.

7888

Filter Cover

Protects filter media from sparks and splashes. Use with 7740+, 7750+, and 7760+ P100 filters.

P100 ACCESSORIES

MODEL NUMBER	DESCRIPTION	QUANTITY PER BAG	QUANTITY PER CASE
7740	P100 Filter	1 Pair	30 Bags
7750	P100 Filter plus Nuisance Organic Vapors/Acid Gases	1 Pair	30 Bags
7760	P100 Filter plus Nuisance Organic Vapors	1 Pair	30 Bags
7927	Piggyback Adaptor	1 Pair	30 Bags
7888	P100 Filter Cover	1 Pair	30 Bags

APPLICATIONS*:

For contaminants such as asbestos, lead, inorganic arsenic, cadmium and MDA that fall under an OSHA substance specific standard requiring a High Efficiency Particulate Air (HEPA) filter. Can also be used in applications such as pharmaceutical, battery, nuclear, welding and metal processing. Outside of the USA, check with all applicable and local government regulations. Also for use in environments where oil-based particulates are present.
