

2300 SERIES

P2 PARTICULATE RESPIRATOR WITH VALVE

STAY COOL ON THE JOB

Workers stay cooler with an exhale valve that reduces hot air build up. There's less breathing resistance and workers don't have to break midshift to cool off.

EASY COMFORTABLE FIT

The molded nose bridge with soft foam nose cushion provides the wearer an easy comfortable fit. There's no metal noseband to adjust and the seal is maintained without pressure points.

DURA-MESH® SHELL LASTS LONGER

The exclusive Dura-Mesh shell protects the filter media so it stays cleaner-looking longer. The shell also resists collapsing in hot, humid environments so the respirator holds its shape longer. The result is fewer respirators used and lower costs.

SUITABLE FOR WELDING

2300P2 Series Particulate Respirators are suitable for most welding applications.

FEATURES

- Exclusive Dura-Mesh shell resists collapsing in heat and humidity.
- Molded nose bridge seals easily without a metal noseband.
- Facepiece is naturally contoured without pressure points.
- Straps are securely attached so they don't break at the seal.
- Softspun® lining for increased comfort and durability.
- Soft foam nose cushion for added comfort.
- Suitable for most welding applications.
- Meets heat and flame resistance in accordance with AS/NZS 1716:2012.
- Exhale valve lets workers breath easy and stay cool.
- 100% PVC-Free for a greener alternative.

P2 APPLICATIONS:

Grinding, Torch Cutting, Sanding, Metal Pouring, Sweeping, Metal Working, Bagging, Foundries, Stone Quarrying, Agriculture, Metal Machining, Construction Sites, Cement, Ceramics Manufacturing, Underground Mining, Timber/Lumber Mills, Polishing, Buffing, Lime, Poultry, Textiles, Welding, Brazing, Soldering.

2300P2 SERIES APPROVALS

This respirator has been manufactured to comply with the requirements of Australian Standards, AS 1716:2012. Moldex-Metric, Inc. operates under Australian Standards guidelines for supervision, quality control and testing in accordance with the system of certification marking mandated by Australian Standards. Approved as a Class P2 Particulate Respirator against mechanically and thermally generated dusts of low toxicity. Including free silica, coal, lead, iron ore, aluminum, manganese, talc, cotton, flour, and others found in mining, agriculture and manufacturing. For use against mists of materials with low toxicity which do not produce harmful gases or vapours. Also for use against metal fumes. Contact your distributor or supplier for further information or phone Moldex U.S. at +1 (310) 837-6500 or +1 (800) 421-2668, ext. 512.

BIOHAZARD WARNINGS FOR MOLDEX PARTICULATE RESPIRATORS

This respirator has not been approved for use against biohazards. You must consult with Australian Standards for regulations before use. Failure to follow these instructions could result in sickness or death.

LIMITATION

Respirators may reduce but do not eliminate wearer exposure to airborne biohazard or risk of contracting any disease or infection. Only use this respirator as part of a comprehensive respiratory protection program. You will receive no respiratory protection if this respirator is not properly fitted and worn.

MOLDEX RESPIRATORS MUST NOT BE USED ON CHILDREN

For further information on use of respirator against biohazards contact Moldex USA at +1 (310) 837-6500 or +1 (800) 421-2668, ext. 512 or email sales@moldex.com.

MOLDEX TECHNICAL ASSISTANCE

For more information call +1 (800) 421-0668 or +1 (310) 837-6500 ext. 512 or email: sales@moldex.com, tech@moldex.com or visit www.moldex.com.

DISTRIBUTED BY:

WARNING TO USER

1. Follow all instructions and warnings on the use of this respirator. Failure to do so will reduce respirator effectiveness, wearer protection, and may result in sickness or death.
2. Wear during all times of exposure. The user must first be trained by the employer in proper respirator use, in accordance with applicable safety and health standards for the contaminant and exposure level in the assigned work area.
3. This product has not been sold with warnings or use instructions for personnel involved in health care or related situations, where there may be the possibility of contact with disease or biological hazards.
4. If you are considering such uses, first call the Moldex Technical Service Department: +1 (800) 421-0668 or +1 (310) 837-6500 ext. 512 or tech@moldex.com.

USE AGAINST:

1. Mechanically and thermally generated particulates of low toxicity. Including free silica, coal, lead, iron ore, aluminum, manganese, talc, cotton, flour, and others found in mining, agriculture and manufacturing.
2. Mists of materials with low toxicity which do not produce harmful gases or vapours.
3. Metal fumes resulting from welding, cutting, pouring, and soldering.

DO NOT USE AGAINST:

1. Gases, vapours, sandblasting or paint spray.
2. Concentrations of contaminants which are unknown or are immediately dangerous to life or health.
3. Concentrations of fumes, dusts and mists which exceed the maximum use concentration or 10 times the Exposure Standard, whichever is lower.

RESTRICTIONS

1. This respirator does not supply oxygen and must not be used in atmospheres containing less than 19.5% oxygen.
2. Do not remain in contaminated area if any physical distress occurs, for example breathing difficulty, dizziness or nausea.
3. Leave contaminated area and replace respirator if it is damaged, distorted, a proper fit cannot be obtained, you taste, smell or become irritated by contaminants, or breathing becomes difficult.
4. Do not alter, modify, or abuse this respirator.
5. Store unused respirators in sealed box in a clean, dry, non-contaminated area.
6. Dispose of respirator according to your employer's policy and local regulations.
7. Dispose no later than thirty days after first use.
8. Use respirator before the "use by" expiration date printed on box.
9. Oil mists may affect filter efficiency.

LIMITED WARRANTY – IMPORTANT NOTICE TO AUSTRALIAN PURCHASER

This warranty is provided in addition to other rights and remedies you have under Australian law. Our goods come with guarantees which cannot be excluded under the Australian Consumer Law. You are entitled to replacement or refund for a major failure and to compensation for other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. This limited warranty is made in lieu of all other warranties, express or implied. There are no other warranties which extend beyond this limited warranty or those in the Australian Consumer Law in Schedule 2 to the Competition and Consumer Act 2010 as amended from time to time, or other similar legislation of a state or territory of Australia (Australian Consumer Law). The products sold will meet Moldex's physical standards and specifications. Subject to the Australian Consumer Law, remedies for breach of this limited warranty are limited to replacement of the number of Moldex products proved to have been defectively manufactured. Under this limited warranty, Moldex shall not be liable or responsible for any loss, damage or liability, direct, indirect, special, or consequential, arising out of sale, use, or misuse, or the inability to use products by the user, although you may have other rights and remedies under the Australian Consumer Law. Any claim under the warranty must be made within 1 year of the date of purchase of the product. To make a claim under the warranty, take the product (with proof of purchase) to the store where you purchased the product to contact Moldex. Moldex will pay your reasonable direct expenses of making a claim under this limited warranty which is upheld. You may submit details and proof of your expense claim to Moldex for consideration.
