

## RESPIRATORY AND HEARING PROTECTION FOR THE OIL AND GAS INDUSTRY

Moldex has products that offer comfort, durability, convenience and ease of use for the harsh conditions of the oil and gas industry. We strive to deliver products that increase compliance while decreasing costs.

### EASY TO WEAR

Reusable 7000 half mask and 9000 full face series are both ultra-light weight. Durable, and economical so maximum comfort with extended use is built in.

The 7000 series is available preassembled for a variety of common industry uses. Long lasting comfort and easy to wear.

### MAINTENANCE MADE SIMPLE

Overmolded flange to lens on the 9000 eliminates the heavy clamping frame for less weight and fewer parts than any popular model full face mask. Integrated exhale area with attached cover prevents loss of parts and makes inspection easy.

**Less Maintenance = Lower Costs.**

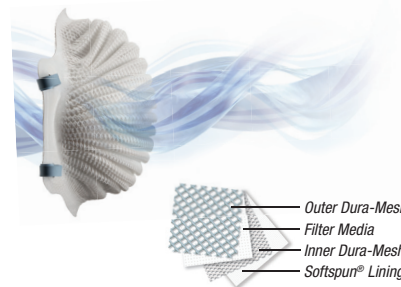

### COMFORT THAT LASTS A FULL SHIFT

All Moldex disposable masks feature the exclusive Dura-Mesh® shell that resists collapsing in hot, humid environments so they last longer, helping prevent premature disposal.

AirWave respirators feature a patented wave design for more airflow in and out, without a valve. Easier breathing means more comfort, happier workers and higher compliance.

**More Air. More Wear.**

### STOP UNNECESSARY WASTE

HandyStrap and SmartStrap masks hang comfortably around the neck when not in use, preventing premature disposal for overall cost savings.

**Longer Lasting = Fewer Masks Used = Lower Overall Cost Of Ownership.**

### COMFORTABLE HEARING PROTECTION

Innovative designs such as the contoured soft foam Meteors or the multi-curved stem of Glide twist in earplugs provide optimal comfort for all-day wear and compliance. Plus the no-roll convenience and easy grip handle of Glide Foam is perfect for dirty work environments and when wearing gloves.

PlugStation earplug dispensers provide convenient access to hearing protection anywhere plugs are needed. Easy, convenient access means higher compliance, and because workers take just one pair at a time, cost savings will increase also. Available filled with uncorded and corded earplugs.

**Convenience, Compliance, and Cost Savings.**

## REUSABLE RESPIRATORY PROTECTION

**7000 Half Mask**  
**1032371** – Small  
**1032372** – Medium  
**1032373** – Large

**9000 Full Face**  
**1032368** – Small  
**1032369** – Medium  
**1032370** – Large

### 7000/9000 Gas/Vapor Cartridges and Filters

- **1032376** Organic Vapors
- **1032383** Acid Gases
- **1032384** Organic Vapors/Acid Gases
- **1032385** Ammonia/Methylamine
- **1032386** Formaldehyde
- **1032387** Multi-Gas/Vapor Smart Cartridge

**1032392**  
 P100 Filter Disk

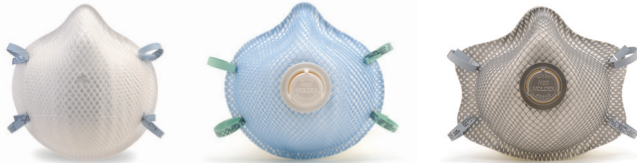

**1032396**  
 P100 Filter Disk  
 Plus Nuisance OV
