

**To: Moldex Customers & Distributors**  
**From: Jeffrey S. Birkner, Ph.D., CIH - Vice President of Technical Services**  
**RE: California Proposition 65**  
**Date: April, 2021**

---

Moldex is supplying this memo to all our Authorized Distributors of our products pertaining to the California Safe Drinking Water and Toxic Enforcement Act of 1986, which is commonly known as "Proposition 65."

Proposition 65 requires the State of California to publish and continually update a list of chemicals that are known to the State of California to cause cancer, birth defects, or other reproductive harm. The current list contains over 1,000 chemicals. Companies selling products to consumers in California or supplying products directly or indirectly to retailers who do so must comply with Proposition 65. Under Proposition 65, a seller must provide a "clear and reasonable warning" before exposing anyone to a listed chemical. The warning can be provided numerous ways, including labels on the product or packaging.

The following Moldex products, which we procure from the Original Equipment Manufacturer (OEM) Allegro Industries, Phone (864) 846-8713, website, <http://www.allegrosafety.com> have been labeled to contain chemicals listed in Prop 65:

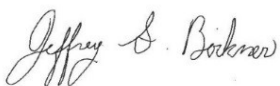

They are:

1. #0102 Bitter Qualitative Fit Test Kit (Components: #0301 Nebulizer #1 for Sensitivity Screening Testing and #0302 Nebulizer #2 for Fit Testing). These items contain carbon black.
2. Replacement part #0301 Nebulizer #1 for Sensitivity Screening Testing
3. Replacement part #0302 Nebulizer #2 for Fit Testing

Following this page, you will find a complete Moldex product listing of our products sold in the USA for your files.

Should you have any additional questions, please email us at [tech@moldex.com](mailto:tech@moldex.com) or call us at (800) 421-0668, ext. 512, 301 or 700.

Sincerely,

Jeffrey S. Birkner, Ph.D., CIH  
Vice President of Technical Services
