HandyStrap® and SmartStrap® masks can be conveniently stored around the neck while on a break, keeping them from getting prematurely thrown away or misplaced.

The first disposable earplug dispenser. PlugStations® hang anywhere earplugs are needed to increase compliance and reduce waste.

The first corded earplug dispenser. Moldex now offers a PlugStation to those that require a corded earplug.

An air pocket in the tip of our Rockets® reusable earplugs provides incomparable comfort.

The 9000 Series full face respirator’s exclusive overmolded technology reduces weight, parts, maintenance and cost.

Moldex has taken a leadership position among global PPE manufacturers in minimizing our environmental impact. We began with the complete elimination of PVC which is linked to one of the most environmentally toxic materials in landfill disposal and this initiative has now grown into a corporate culture that constantly looks to manufacture innovative products that minimize environmental impact.

Green products and packaging

• Removal of all PVC from our products and packaging.
• Dura-Mesh shell on disposable respirators allows fewer respirators to be used and a reduction in the waste stream.
• Respirator Lockers® and Pocket-Paks® are recyclable products.
• Use of recycled paper for all literature and packaging throughout the company.
Moldex’s expertise is hearing and respiratory protection to keep workers safer. This laser-like focus results in an offering of innovative world class products.

- Our core products are manufactured in the U.S.A.
- Moldex is specialized in an age of generalization.

All Moldex products and packaging are PVC-Free. A scientific study by Nicholas Anastas, Ph.D. Principal, Poseidon’s Trident LLC, and Matthew Eckelman, Ph.D. at Yale University, Center for Industrial Ecology, confirms that considering the full life cycle of PVC vs. Polyurethane and Polypropylene, the scientific data supports the conclusion that use of Polyurethane or polypropylene are “green” alternatives to PVC and are ecologically preferred. Toxic chemicals associated with PVC disposal have been linked to a variety of health hazards.

Moldex has taken a leadership position among global PPE manufacturers in minimizing our environmental impact. We began with the complete elimination of PVC which is linked to one of the most environmentally toxic materials in landfill disposal and this initiative has now grown into a corporate culture that constantly looks to manufacture innovative products that minimize environmental impact.

Moldex’s expertise is hearing and respiratory protection to keep workers safer. This laser-like focus results in an offering of innovative world class products.

- Our core products are manufactured in the U.S.A.
- Moldex is specialized in an age of generalization.

With over 50 patents, Moldex® is dedicated to developing innovative solutions that address the hearing and respiratory needs of industrial and healthcare employees.

Some of our industry leading solutions include:

- The unique contoured shape of Meteors® follows the curves of the ear canal to create exceptional all-day comfort while still providing serious protection.
- Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer, reducing usage and saving money.
- Up to three distinct sizes in industrial masks and five sizes in healthcare to address today’s diverse workforce.
- HandyStrap® and SmartStrap® masks can be conveniently stored around the neck while on a break, keeping them from getting prematurely thrown away or misplaced.
- The first disposable earplug dispenser. PlugStations® hang anywhere earplugs are needed to increase compliance and reduce waste.
- The first corded earplug dispenser. Moldex now offers a PlugStation to those that require a corded earplug.
- An air pocket in the tip of our Rockets® reusable earplugs provides incomparable comfort.
- The 9000 Series full face respirator’s exclusive overmolded technology reduces weight, parts, maintenance and cost.

Exclusive easy-breathing wave design.
Less resistance, better breathability.
Flex-Fit® comfort waves flex with you.
Soft, cloth SmartStrap® is both hangable and adjustable.

Glide’s unique multi-curved stem custom fits, with just a push and a twist.

More Air. More Wear.
MORE COMFORT. MORE USE.
• Soft cloth SmartStrap® allows you to adjust for a custom fit.
• Cool and comfortable SmartStrap allows respirator to hang around the neck when not in use.
• Longer use means less waste, fewer respirators used and lower costs.
• Metal-free. (SmartStrap models only)

MORE FLEX. MORE DURABILITY.
• FlexFit® design moves easily with your face and stays in place.
• Pinch-free molded nose bridge.
• Soft foam nose cushion or full face flange.
• Softspun® lining for increased comfort.
• Dura-Mesh® shell resists collapsing in heat and humidity.
• Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

MORE AIR. MORE WEAR.
• Exclusive easy-breathing wave design.
• Less resistance, better breathability.
• Larger surface area of the wave design means more airflow.
• More air and more comfort means more wear and compliance.

P100/N100 Series Applications: Metal Working, Grinding, Sanding, Sweating, Bagging, Framework, Pharmaceutical Operations, Power Plants, Environmental where an OSHA substance specific standard applies (e.g., lead, cadmium, inorganic arsenic, MDA). Where oil mists are present, either alone or in combination with solid particulates, an R or P respirator must be used.

P95 Series Applications: Where oil mists are present, either alone or in combination with solid particulates, Construction, General Manufacturing, Mining, Oil & Gas, Transportation.

Always refer to instructions before using. 100% PVC-Free for a greener alternative.
2-STRAP SERIES RESPIRATORS

- Dura-Mesh® shell resists collapsing in heat and humidity.
- Facepiece is naturally contoured without pressure points.
- Molded nose bridge seals easily without a metal noseband.
- Softspun® lining for increased comfort.
- Soft foam nose cushion for added comfort.

- Up to three distinct sizes in industrial masks and five sizes in healthcare to address today’s diverse workforce.
- Meets heat and flame resistance in accordance with ANSI/SEA 110-2003 Section 7.11.1.

HANDYSTRAP SERIES RESPIRATORS

- Cloth strap is cool and comfortable against the skin.
- Soft foam nose cushion for added comfort and no pressure points.
- SoftSpun® lining for increased comfort and durability.
- Ventex® valve lets the hot air out faster, so workers breathe easier and stay cooler, and helps the masks last longer.
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

- Cloth strap is cool and comfortable against the skin.
- HandyStrap® with buckle, allows mask to hang down around the user’s neck when not in use preventing premature disposal, reducing usage and saving money.
- Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer.

- Soft foam nose cushion for added comfort and no pressure points.
- SoftSpun® lining for increased comfort and durability.
- Ventex® valve lets the hot air out faster, so workers breathe easier and stay cooler, and helps the masks last longer.
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

- Soft foam nose cushion for added comfort and no pressure points.
- SoftSpun® lining for increased comfort and durability.
- Ventex® valve lets the hot air out faster, so workers breathe easier and stay cooler, and helps the masks last longer.
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

- Cloth strap is cool and comfortable against the skin.
- HandyStrap® with buckle, allows mask to hang down around the user’s neck when not in use preventing premature disposal, reducing usage and saving money.
- Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer.

- Soft foam nose cushion for added comfort and no pressure points.
- SoftSpun® lining for increased comfort and durability.
- Ventex® valve lets the hot air out faster, so workers breathe easier and stay cooler, and helps the masks last longer.
- Meets heat and flame resistance in accordance with ANSI/ISEA 110-2003 Section 7.11.1.

### Applications

**R95:***
- Grinding
- Torch Cutting
- Sanding
- Metal Pouring
- Sweeping
- Metal Working
- Bagging
- Foundries
- Stone Quarrying
- Agriculture
- Metal Machining
- Construction Sites
- Cement
- Ceramic Manufacturing
- Underground Mining
- Timber/Lumber Mills
- Polishing
- Buffing
- Lime
- Poultry
- Textiles
- Welding
- Brazing
- Soldering

**R95 Plus Nuisance Levels of Ozone and Organic Vapors:***
- Welding
- Arc Cutting
- Foundry Operations
- Brazing
- Plasma Spraying
- Laser Beam Cutting/Welding
- Laboratory Settings
- Agriculture
- Petrochemical Manufacturing
- Refining Plants
- Auto Repair
- Mining Operations
- Waste Disposal

**R95 Plus Nuisance Levels of Acid Gases:***
- Welding
- Arc Cutting
- Foundry Operations
- Brazing
- Plasma Spraying
- Laser Beam Cutting/Welding
- Laboratory Settings
- Agriculture
- Petrochemical Manufacturing
- Refining Plants
- Auto Repair
- Mining Operations
- Waste Disposal

**N99:***
- Welding
- Soldering
- Brazing
- Metal Working
- Grinding
- Sanding
- Cement Work
- Metal Pouring
- Underground Mining
- Textiles

**N100/P100:***
- Metal Working
- Grinding
- Sanding
- Sweeping
- Bagging
- Foundries
- Pharmaceutical Operations
- Power Plants
- Environments where an OSHA substance specific standard applies (e.g., lead, cadmium, inorganic arsenic, MDA). Where oil mists are present, either a low or in combination with solid particulates, an R or P respirator must be used.

### Notes
- Always refer to instructions before using.
- 100% PVC-Free for a greener alternative.

**N99 Series Applications:** Welding, Sanding, Brazing, Metal Working, Grinding, Sanding, ConnecT Work, Metaal Pouring, Underground Mining, Textile Manufacturing.

**N100/P100 Series Applications:** Metal Working, Grinding, Sanding, Sweeping, Bagging, Foundries, Petrochemical Operations, Power Plants, Environments where an OSHA substance specific standard applies (e.g., lead, cadmium, mercuric cyanide, MDI). Where oil mists are present, either a mask or in combination with solid particulates, an R or P respirator must be used.

*Always refer to instructions before using. 100% PVC-Free for a greener alternative.*

*Individually wrapped*
Available in 6 sizes for today’s diverse workforce.
- Highest ASTM level of fluid resistance on the market (160mm Hg).
- Bacterial Filtration Efficiency (BFE)>99.9%.
- Meets CDC guidelines for TB exposure control standards and protection against laser plumes of surgical smoke.
- No need for pre-stretching straps.
- Not manufactured with natural rubber latex.
- Individually packaged for hygiene in a dispenser style box.

N95 HEALTHCARE RESPIRATORS & SURGICAL MASKS

- 1510 N95 XS
- 1511 N95 S
- 1512 N95 M
- 1513 N95 L
- 1517 N95 LP

- 2200 N95 Series Healthcare and Surgical Mask

- 2210GN95-XS
- 2211GN95-S

- 2217GN95-LP

Disposable Respirator Vending Packs

- Designed for PPE vending machine applications
- Instructions, warnings and restrictions included in each PVC-Free bag.

Potential Healthcare Applications: Surgery, hospitals, and healthcare facilities, nurses/respiratory care, coniunctional facilities, police, and fire rescue teams, EMERGENCY, homeless shelters, occupational health facilities, school healthcare offices. Note: For areas with high pressure, you must use all 5 of P respirator.

N95 Series Applications: Welding, Corking, Brazing, Metal Machining, Drilling, Sanding, Cement Work, Metal Polishing, Underground Mining, Textile Manufacturing.

Always refer to instructions before using. 100% PVC-Free for a greener alternative.
The first and only NIOSH N95 approved one strap respirator.

- Not manufactured with natural rubber latex.
- No need for pre-stretching straps.
- Meets CDC guidelines for TB exposure control standards and protection.
- Bacterial Filtration Efficiency (BFE) > 99.9%.
- Highest ASTM level of fluid resistance on the market (160mm Hg).
- Available in 4 sizes for today's diverse workforce.
- Suggested for stockpiling.

Potential Healthcare Applications: Surgery, hospitals and healthcare facilities, nursing home care, occupational health facilities, school health centers. For areas with oils present, you must use an R or P respirator.

N95 SPECIALTY RESPIRATORS

- Flat fold convenience with nose shaped comfort.
- Quick and easy to put on, unlike all other flat folds.
- Individually packaged for hygiene in a dispenser style box.

N95 EZ-ON

- The first and only NIOSH N95 approved one strap respirator.
- Easy on, easy off one strap design for a quick fit.
- Single strap with Flexwing® and head harness provides an easier and more comfortable fit than two straps.
- Cotton strap for a cool, custom fit.

N95 EZ-ON w/ Valve

- Allows employer to monitor respirator usage, reducing costs.
- Reduces worker time spent going to get new respirators.
- Handy supply for workers at field worksites.
- Separate chamber stores used respirator during breaks.
- Holds four or five masks per locker.

Disposable Respirator Vending Packs

- Designed for PPE vending machines application.
- Instructions, warnings and restrictions included in each PVC Free bag.

Always refer to instructions before using. 100% PVC-Free for a greener alternative.
Moldex designed the 7000 and 7800 half masks and 9000 full face series to be the most user-friendly respirators on the market. These streamlined respirators feature fewer parts, minimal maintenance, and a wider field of vision. They are all ultra-light weight, durable, and economical.

### 7800 PREMIUM SILICONE HALF MASK

The 7800 Premium Silicone Half Mask has higher resistance to heat and compression, with all the enhanced comfort and durability of silicone.

**NEW IN SILICONE**

- Adjustable head harness for a custom fit
- Contoured neck buckles for comfort and quick attachment
- Attached exhale cover for easy inspection
- Compact, fits under welding helmets
- Low profile, angled cartridge placement for wider field of vision
- Wide flange fits more facial shapes comfortably
- Easy mount bayonet cartridge/filter attachment
- Low profile design for maximum comfort with extended use is built-in. The award-winning 7000/7800/9000 series add up to simple, comfortable, and economical respiratory protection that’s just plain EASY TO WEAR.

### 7000/7800 FEATURES

- Full range of gas/vapor cartridges for these common applications and environments:
  - Foundries, paper, petrochemical, printing, pharmaceuticals, agriculture, biocides, mining, petrochemical, aluminum processing, textiles, glass, chemical manufacturing, paints, laboratories, utilities, cement, fiberglass, coal, fertilizers and water-based paints, electroplating, embalming, rendering, adhesives, construction, automobiles, food processing, mining, transportation industries, shipbuilding, and health services.
  - For contaminants where an OSHA substance-specific standard applies (asbestos, lead, cadmium, inorganic arsenic) requiring an HEPA filter as well as pharmaceutical, battery, nuclear, welding, metalworking, dusting environments where oil-based particulates are present.
- Common applications and environments for N95 and R95:
  - Welding, grinding, machining, bagging, buffing, cement, metal working, dusty environments, foundry, mining, poultry, sanding, wood, furniture, textiles, waste processing.

Always refer to instructions before using. 100% PVC-Free for a greener alternative.

**7000/7800 in Drop Down Mode**

The versatile 7000/7800 has optional drop down/lock down strap modes.

**7000/7800 Drop Down**

The versatile 7000/7800 has optional drop down/lock down strap modes.

**Locked down mode**

**Drop down mode**

Full range of gas/vapor cartridges for these common applications and environments: foundries, paper, paint, printing, pharmaceuticals, agriculture, blasting, mining, petrochemical, aluminum processing, textiles, glass, chemical manufacturing, paint, laboratories, solvents, concrete, fiberglass, coal, fortals, petroleum refining, oil or water based paints, welding, embalming, rendering, adhesives, construction, automotive, food processing, mining, transportation industries, ship/boat building, health services, furniture manufacturing, and fabricated metal.

Common applications and environments for 7900 P100 filter and 7990 P100 cartridge: for contaminants where an OSHA substance specific standard applies (asbestos, lead, cadmium, inorganic arsenic, MDA) requiring a High Efficiency Particulate Air (HEPA) filter as well as pharmaceutical, battery, nuclear, welding, metal processing. Also for use in environments where oil-based particulates are present.

Common applications and environments for N95 and R95: welding, grinding, machining, bagging, buffing, cement, metal working, dusty environments, foundry, mining, poultry, sanding, wood, furniture, textiles, waste processing.

Always refer to instructions before using. 100% PVC-Free for a greener alternative.
**9000 FEATURES**

- Lightest weight facepiece of any popular model. Weighs less than 13 ounces.
- Over-molded buckles for secure strap attachment. One-finger strap release.
- Stand away head harness for easy donning.
- Lens with scratch resistant coating meets ANSI Z87.1 for impact protection. Tear away lens protector included.
- Integrated exhale area with attached cover. Fewer parts, simple maintenance and inspection.
- Panoramic lens with peripheral vision side panels.
- Easy mount bayonet cartridge/filter attachment.

**7000, 7800 AND 9000 APPROVED RESPIRATOR COMBINATIONS**

**Gas/Vapor**

- Cartridges
  - 7100: Organic Vapors
  - 7200: Acid Gases
  - 7300: Organic Vapors/Acid Gases
  - 7400: Ammonia/Methylamine
  - 7500: Formaldehyde

**PLUGSTATIONS**

- The most popular earplug dispenser on the market.
- PlugStations are available in Corded and Uncorded.
- Increases compliance. Puts plugs within easy reach so workers use them more.
- Convenience. Mounts anywhere hearing protection is needed.
- Lowers cost – workers take just one pair, instead of wasteful grabbing.
- Only corded earplug dispenser on the market.
- New packaged uncorded earplug PlugStation.

**METEORS**

- Soft, slow recovery foam and contoured shape molds easily to the ear canal for all day comfort.
- Meteors innovative undercut design affords a secure fit.
- Narrower diameter for the smaller part of the ear canal provides all day comfort.
- Large base seals the ear canal for proper fit.

**GLIDE**

- New higher NRR 30dB for Glide Foam.
- Large stem allows you to twist to find your fit.
- Stem is contoured for easy adjustment.
- Extra-soft material seals gently and snugly without pressure.
- Cord locks securely to plug.

**HEARING**

- Extra-soft, low pressure foam for comfort and fit.
- Non-irritating smooth surface.

**FOAM EARPLUGS**

- Extra-soft, lightweight foam for all-day comfort.
- Tapered for a snug fit while gently conforming to the ear canal.
- Non-irritating smooth surface.
- Shaped to fit even very small ear canals.

Cool Look, Cool Comfort

The MX-5, MX-6 and MX-7 (cap mounted) are a cool and comfortable upgrade in earmuffs. The larger cup openings are designed to fit most ear sizes. Exclusive waffled cup foam delivers superior protection in MX-6 and MX-7.

The cushion-ribbed headband allows cool comfort all day long and the non-slip wire makes adjustments easy. The MX series are easy to wear and durable, have a sharp, cool look and increase compliance.

The headband is made of lightweight plastic and metal.

Exclusive bright green color and sleek, curvy shape for a look that workers will want to wear.

100% PVC-Free for a greener alternative.

New

• MX-7 easily slots into almost all hard hats.

MX-5, MX-6, AND MX-7 (CAP MOUNTED) PREMIUM EARMUFFS

• Cushion-ribbed open air headband for cool comfort all day long.
• Overmolded headband is soft yet durable for easy wearing over many shifts.
• Larger ear cushions allow freedom to fit almost all ears comfortably.
• Lightweight wire frame allows easy cup adjustment yet holds its position for lasting comfort.
• Cool looks and comfort to promote worker acceptance and compliance.
• Extra soft foam/low pressure cushions and headband are PVC-Free.
• Glossy surface for easy cleaning and longer wear.
• Independently tested NRR for protection you can count on.
• MX-6 and MX-7 feature exclusive waffled cup foam for superior NRR protection.

TRAINING, FIT TESTING AND SUPPORT

TRAIN-THE-TRAINER PROGRAM

- Train and certify a designated employee at your company to perform onsite fit testing for your workers.
- Qualitative & Quantitative Programs.
- Our training program includes a syllabus, Respirator Selection Guide, training certificates and wallet cards.

FITCHECK SOLO LOAN PROGRAM

- FitCheck Solo™ helps take the guess work out of matching the correct hearing protection with known noise exposure.
- Test from 3 to 7 frequencies and generate the FitCheck Solo Personal Attenuation Rating (PAR).
- For details on our loan program, contact our Technical Service Department at 800-421-0668 ext. 512/550.

PORTACOUNT LOAN PROGRAM

- Quantitatively test a variety of respirator types eliminating the guesswork found with other testing methods.
- For details on our loan program, contact our Technical Service Department at 800-421-0668 ext. 512/550.

OHD CARTRIDGE LOAN PROGRAM

- Quantifit then establishes and maintains a slight vacuum, or controlled negative pressure, inside the mask.
- CNP technology was accepted by OSHA in 1998, and has quickly been adopted by industry to be the quickest and most accurate way to perform respirator fit testing.
- The gold standard in respirator fit testing.

FIT TESTING SUPPLIES AND TRAINING RESOURCES

FIT CHECK SOLO LOAN PROGRAM

- FitCheck Solo™ helps take the guess work out of matching the correct hearing protection with known noise exposure.
- Test from 3 to 7 frequencies and generate the FitCheck Solo Personal Attenuation Rating (PAR).
- For details on our loan program, contact our Technical Service Department at 800-421-0668 ext. 512/550.

CUSTOMER SERVICE AND TECHNICAL SUPPORT

There’s even comfort in our support
From fit testing to product training, Moldex is always available to provide solutions that address your workers’ safety requirements. Our field and sales team, customer service, and technical support departments are available whenever you need support. And our online technical library is available 24/7 at www.moldex.com.

100% PVC-Free for a greener alternative.
